

# DATA VISUALIZATION CHARTS

## Age Group Differentiation By Bike

The screenshot displays the IBM Cognos Analytics interface. The top navigation bar includes the IBM logo, the text 'IBM Cognos Analytics with Watson', and a search bar. The main content area shows a table titled 'Age Group Differentiation By Bike'. The table has two columns: 'age\_group' and 'bikeid'. The data rows are as follows:

age_group	bikeid
21-30	5,051
31-40	5,754
41-55	5,755
>55	5,784
Summary	5,794
